# SEALMATIC'S Stupendous Success At ADIPEC Exhibition 2026

**Sealmatic India Ltd.** (BSE: 543782) marked another significant milestone in its international journey with its participation at **ADIPEC 2026 in Abu Dhabi, UAE.** Bringing together leading companies, industry experts, technology providers, and decision-makers from across the global energy ecosystem, **ADIPEC** provided an exceptional setting to discuss the opportunities and challenges shaping the future of the industry.

Throughout the exhibition, Sealmatic's presence reflected its growing capabilities in mechanical sealing technology and its role in supporting critical industrial operations. With an emphasis on precision engineering, product performance, and dependable solutions, the company presented its expertise to an international audience representing diverse industrial applications.

The event also created opportunities for meaningful conversations around emerging industry requirements, technological advancements, and the increasing demand for efficient and reliable equipment across the Oil & Gas, Refining, Petrochemical, and Process sectors. Interactions with industry professionals and business representatives offered valuable perspectives on market developments while opening doors to potential collaborations and future opportunities.

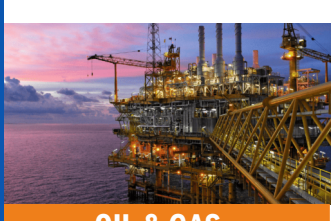

For Sealmatic, ADIPEC 2026 was more than an industry exhibition; it was an opportunity to demonstrate the strength of its engineering capabilities, exchange knowledge with global stakeholders, and reaffirm its ambition to be a trusted technology partner for industries operating in demanding environments.

***Commenting on the participation, Mr. Sanjeev Vange – Senior Vice President, Global Sales & Marketing, Sealmatic India Ltd., said, "ADIPEC continues to be an important meeting point for the global energy community. Our participation this year allowed us to engage with industry professionals, understand emerging market expectations, and present Sealmatic's capabilities on an international platform. We remain focused on developing dependable sealing solutions that contribute to greater operational performance and meet the evolving demands of industries worldwide."***

With every such international engagement, Sealmatic continues to build on its engineering strengths and pursue new opportunities across global markets.
